### International Grant Professionals Day - March 8, 2019

**Overland Park, KS / Washington, DC:** Global Grant Solutions has partnered with the Grant Professionals Association (GPA) to celebrate the fifth annual International Grant Professionals Day on March 8, 2019. International Grant Professionals Day increases awareness internationally of the work grant professionals perform as well as celebrates the work of grant professionals, who serve as administrators, consultants, managers, grant-makers and writers.

Every day, grant professionals work diligently, usually behind the scenes, to seek grant opportunities, administer projects and implement important programs for the benefit of society's disadvantaged and underserved people. These talented professionals are dedicated to providing the highest standard of ethics, quality program development, thoughtful project implementation and wise financial stewardship. Often, those standards extend beyond the mere financial and include capacity support, long term solutions to challenges, fundraising assistance, expert project management, sustainable programming and so much more.

Events planned for March 8, 2019 encourage grant professionals and their organizations to celebrate themselves, the profession and highlight important issues faced by grant professionals.

Grant Professionals Association is an international membership association for everyone in the grants industry. GPA and its affiliates work to advance the profession, certify professionals and fund professionalism.
